## Summary

Accomplished Software Engineer | Full Stack Developer | Global IT Specialist

Hello! I'm Muhammad Saad, an experienced Software Engineer on a dynamic 6-year journey from website development to a versatile Full Stack Developer. A proud graduate of Kohat KUST Pakistan, I bring hands-on expertise and an unwavering commitment to excellence.

## Key Achievements

- # Engaged in successful collaborations with global clients like Data Circuit, Professional Cycle, Kashed Group, Net Gulf, Mattic International, driving advanced IT solutions for business excellence.
- # Engineered mobile app plugins, designed accounting software, and developed dynamic e-commerce systems to enhance operational efficiency.
- # Successfully led a thriving Amazon Virtual Assistant side hustle, accumulating 4.5 years of valuable e-commerce insights.
- # Established Pakk Developers, a prosperous web agency delivering over 220 global projects.
- # As a Pre-Sales Engineer, played a pivotal role in transforming legacy systems for Saudi clients into streamlined solutions.

## Freelance Ventures

Actively freelancing on UpWork and Fiverr since 2019, showcasing adaptability and thriving under pressure.

## Unique Approach

I empower businesses with cutting-edge technologies, leveraging international client management, full-stack development, and business transformation expertise for sustained growth and success.

Let's Connect!

Open to innovative collaborations in Software Engineering, Full Stack Development, and Digital Transformation. Let's craft remarkable solutions together!
